

2025

Comstock Christmas Riverwalk

Join us in Downtown Adrian on December 5th for the Holiday Light Parade, First Friday festivities, and the Comstock Christmas Riverwalk Tree Lighting! The Holiday Light Parade will begin at 6:00PM, traveling through downtown (the parade will not end at Comstock Park this year, it will loop through downtown).

This year the trees at Comstock Park will be light at exactly 8:00PM - no need to wait for the parade! Countdown clocks will be at Comstock Park and downtown, so you won't miss the big moment.

Tree decorating will begin on Thanksgiving Day. Please do not decorate your tree before this date! Please place decorations securely on trees.

Decorating must be completed by 4 PM on Friday, December 5th. Decoration removal will take place the week of January 5th - 11th of 2026.

FREQUENTLY ASKED QUESTIONS

Does my tree come with lights, and if so can I choose the color of lights on my tree?

All trees come with lights already strung. Unfortunately you are not able to choose the color. Additionally, please do not add any lights to the tree, as this can overload the electricity capacity at the park.

Can I add extra signs to my tree?

No, each tree is provided one sign, please do not add any extra signs.

Can I take the lights and my sign when the event is over?

No, the City reuses the lights and signs when possible, so please do not take them.

How do I find my tree?

The City will release a map in late November that will help you locate your tree.

If I don't like my tree, can I switch my sign to a different tree?

NO! Taking or moving signs is not allowed, and anyone caught doing so will not be able to purchase trees in the future.
